## **PT. AGHEO LANGGENG CHEMINDO**

Our main purpose in establishing PT. Agheo Langgeng Chemindo is to be the "Preferred Distributor" in Jakarta and Indonesia and to maintain our position as a "Trusted and Reliable Supplier" by our customers.

## About Us

PT. AGHEO LANGGENG CHEMINDO, is a Chemical Distributor Company established in 2015, located at Ruko Center Point Bukit Golf Riverside AA4 No. 3, Bojong Nangka, Gunung Putri, Bogor, 16963.

At its inception, PT. AGHEO LANGGENG CHEMINDO evolved from CV. Grand Mitra Abadi, established in 2010, which initially focused on sales and distribution of chemical materials.

Over time, we have transitioned into a retailer of chemical materials and have also become agents for various chemical products both domestically and internationally.

Throughout our development, we have received significant support from local and international vendors, enabling us to enhance our professionalism in the field.

Our expertise lies in clean water processing and its supporting materials, including environmentally friendly chemical treatment.

Our current focus includes procuring chemicals for water treatment, textiles, electronics, soap and detergent, animal feed, leather, paper, drilling oil, glassware, ceramics, Automotive Industry and others.

## OUR SERVICES

### WATER AND WASTE TREATMENT

Water and Waste Treatment Services provide comprehensive solutions for managing water resources sustainably, treating wastewater efficiently, and ensuring compliance with environmental regulations.

Services include purification, recycling, sludge management, and advanced technologies for sustainable water management practices. Treating Waste Water to Be Environmentally Friendly.

We supply chemicals for waste treatment processes and offer cleaning services for cooling towers, boilers, chillers, etc. We also provide chemical treatment and cleaning services for Cooling Towers, Boilers, Chillers, HE, and other related equipment.

## OUR SERVICES

### SOLVENT

Solvents play a vital role in cleaner and paint services by effectively dissolving substances for cleaning surfaces and thinning paint for application. They facilitate the removal of grease, oil, and other contaminants, ensuring surfaces are properly prepped for painting. Additionally, solvents aid in achieving desired paint consistency, enabling smooth application and optimal finish quality in various industrial and commercial settings.

Solvent Products for Various Applications, we offer solvents suitable for industrial use as solvents, cleaners, or raw materials for paint manufacturing.

## OUR SERVICES

### GENERAL CHEMICALS

General chemical base ingredient product services offer a diverse range of chemicals serving various industries. These products serve as essential components in manufacturing processes, including pharmaceuticals, cosmetics, plastics, and textiles. From solvents and surfactants to catalysts and polymers, these chemicals form the foundation of countless products, contributing to innovation, efficiency, and quality across multiple sectors worldwide.

## OUR PRODUCTS

### General Chemical

- Acetic Acid
- Ammonium Chloride
- Ammonium Bicarbonate
- Aluminium sulphate
- Calcium Chloride Flake/Powder
- Caustic Soda Flake, Pearl, Liquid
- Citric Acid
- Copper Sulphate
- Formic Acid 90 % & 94
- Garam Industri
- Glycerine Refined & Crude
- Hydrogen Peroxide 35 % & 50 %
- HCL
- Nitric Acid
- PAC
- Phosphoric Acid
- Potassium Chloride
- Soda Ash Light
- Soda Ash Dense
- Sodium Bicarbonate
- Sodium Chloride
- Sodium Hexametaphosphate
- Sodium Hydrosulphite
- Sodium Hypochloride
- Sodium Metabisulphite
- Sodium Nitrate
- Sodium Silicate / Water Glass
- Sodium Sulphate
- Sodium Sulphite
- Sodium Tripolyphosphate
- Sulphur
- Tri Sodium Phosphate
- Zinc Sulphate

### Water Treatment Chemical (SOLENIS)

- Anti Scalant
  - Defoamer
  - Flocculant
  - Koagulant
  - Etc
- Printing and Cleaning Chemical
- Alkali Cleaner
  - Acid Cleaner
  - Carbon Remover
  - Medium Ink Cleaner
  - Paint Coagulant
  - Paint Remover
  - Plate Cleaner
  - Rust Remover
  - Reducer 811
  - Reducer 631
  - Solvent Cleaner

### Chemical Solvent

- Butyl Alcohol
- Buyl Cellosolve
- Etanol
- Isopropyl Alcohol
- Methyl Cellulose
- Methylene Chloride
- Metanol
- N. Hexane
- SMT
- Xylene
- White Oil
- etc.

## OUR WAREHOUSE

Jl. Industri Raya IV Blok Ai No. 54 Kawasan Industri Jatake, Ps. kemis  
Kab. Tangerang, Banten 15560

## OUR OFFICE
